# 'Girls Who Grind'

We are proud to use 'Girls who Grind Coffee' They are a women-led, anti-patriarchy specialty coffee roastery and rebellion movement. They carefully source all their coffee exclusively from change-making women producers, and celebrate their work and share their stories, ensuring representation and visibility and roast their crazy delicious coffee.

Why did you choose this coffee shop?

It's really close to where I work.

The atmosphere here is great—I love the warm tones.

Their service is really good.

I really like some of the decor items they sell.
