

AI Baby?
How to ensure AI Baby's rights in the parent-child relationship?

Synthetic affection

Inspiration

Close relationships with AI are becoming common daily life.

- ① Replika (AI chatbot)
- ② Sony Aibo (AI pet)

(Some people see it as a friend or even a partner)

(Many people treat it as a family member)

Purpose?

to make people think about future AI relationship

reflect on real-life parenting issues.

How to do?

Story

Imagine future where raising an AI Baby is common - How can we protect its rights?

Better education for AI Babies to improve the digital social environment.

AI Baby protection

- ① personalized AI Baby generation.
- ② AI Baby protection law

Appearance personality voice background...

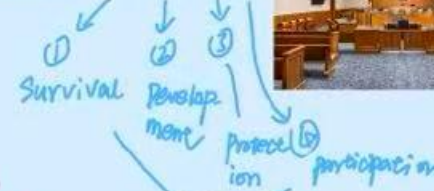

Adapted from UNICEF provisions

Trial Court

if AI Baby believes it has been treated unfairly it can appeal to the Court.

Why is it divided this way?

生存权/发展权/受保护权/参与权是儿童和未成年人最基本的权利, 受到《儿童权利公约》和《中华人民共和国未成年人保护法》的保护。

Law of the People's Republic of China on the protection of minors.
