

People & Park

How do we stay in the park?

Zixuan Zhang (Zoe)

Location Selection

Location: Hoglands Park, Southampton SO141LT

Time: 2024-11-01 14:00-17:00

Who's in here?

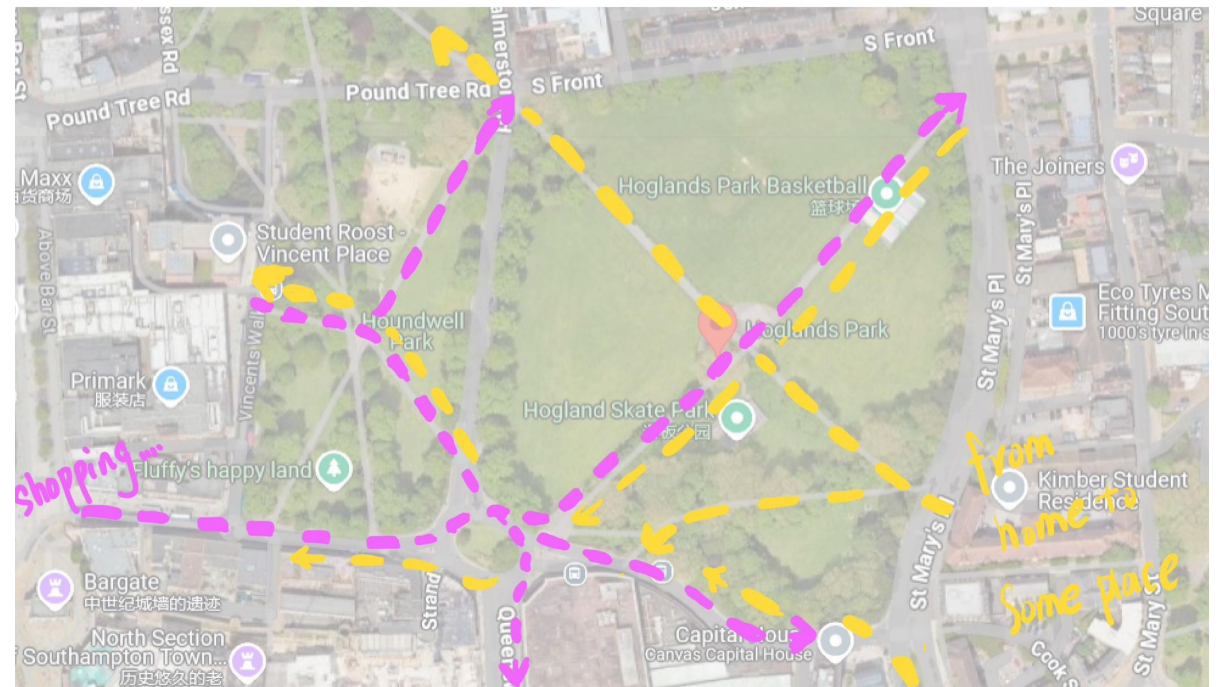

Sportive Person

The park's skateboarding rink, basketball court, are used by people who also play football and run on the grass, and they **spend the longest time in the park, about two hours on average.**

Passer-by

I can see people who have just **finished shopping** and people **pushing prams** passing through the park, most of them don't walk on the lawn and they **walk quickly** and **stay for a short time**.

People who enjoy leisure time

An ice cream van was parked at the edge of the playground, and it wasn't gone when I left.

In the park's playground, kids played while parents chatted nearby. Others read or relaxed. Families stayed around **two and a half hours**, while readers and relaxers **stayed less time**.

Animals

Interacting: running around in the trees and the grass

Other interactions: trying to grab food from pigeons

Length of stay: always

Squirrels

Gull

Pigeon

Interacting :
Flying around the park looking for food, Interacting with feeders

Length of stay: always

Stories of the Park

<https://youtube.com/shorts/H6iLqWYQHfc>

I made a video for documenting people's interactions with the park with some pictures and sound.
